

*The Mary Kay Rose*

*The rose is a tight bud, but as a woman grows in her business, she begins to bloom, as does the flower.*

*The stem is for the strength you will gain.*

*The leaves are for the lives you will reach out and touch.*

*The thorns are for the obstacles you will have, But will overcome.*

*The green is for the money you will make.*

*The pink is for the car that can be in your driveway*

*and the aroma is the sweet smell of success.*
